Entry Class**

Indian Tree Pie	10 Excellent - ticks all the boxes
Acrobatic Squirrel	8 Fun but the background not helping, and needs darkening
Pollen Gatherer	9. Very good but I'd tone down the background
Furled Fern	8. Nice light, but the background is a bit messy
Early Morning foraging	7.5. Needs a crop and some post-processing work, bit dull as it is
Dandelion	8 Shame the vignette is quite so strong
Lock down walk	7.5 Nice lead in, but needs cropping at both top and bottom, and darkening of sky
The Fly	8.5. The fly itself is excellent, but edges and background need work/darkening
Seed Head	10. Super detail, great background
Summer Rain	8. I'd bring the rain out more, and move slightly up and to the right for a better composition. Almost terrific!
Spring Garden Life	8. Let down by very bright stalks showing through the flower
