Chairmans note

Just a short newsletter to end the year.

What a year we have had, my first few months as chairman have been somewhat changeable due to circumstance, with the program changing quite often, hopefully the new year will see us settle into a steadier program of events with little or no change.

The end of 2022 saw two changed events, the first was an additional roll-up evening hosted by Ian, with a selection of whimsical AV's from Kathleens extensive collection, certainly some blasts from the past and plenty to give all that attended a good chuckle.

The second was the rescheduled talk by Glyn Dewis, on the power of personal projects. Glyn took us through how him taking one portrait of a war veteran, cascaded into his 39-45 project and his meeting many veterans and their families. For those who missed the talk you can find the photos and some backstory here: <https://glyndewis.com/3945-portraits-project> and we look to invite Glyn back to another meeting next season.

John Gamble will be organising a club dinner for members and will be in touch once he has some details for us, but something for us all to look forward to.

Our next meeting is on the 9th January:

“FINE ART PHOTOGRAPHY” – a step by step workflow showing the key techniques used to create stunning black and white fine art images.

DAVID GARTHWAITE <https://dgshot.uk>

The talk will be on Zoom, with the details being forwarded in a separate email, and the usual 19.30 start.

Happy new year to you all.
